

DRESS CODE

You can find all our dress code items at Dance Street located in Saskatoon. Just let the employees know that you are a Hanley dancer, and they will get you set up! Students are encouraged to choose the dress code options that best suit them. If dancers already own shoes in a different style or colour, they are not required to purchase the specific items mentioned in our dress code for the first day of class. However, it is important to note that the specific shoes listed in our dress code are mandatory for competitions taking place in March-April. Also, dancers are not required to change tights in between classes (ex. ballet to jazz). Tights in any colour are suitable for class. However, competition will require the specific tight colours listed below.
